

2024-2025 Application for Family Farms

STOP: If your family farm received a grant for the 2023-2024 year.

We never have enough money to fund all the deserving farms. We are asking that you skip a year between grant submissions to help other farms take advantage of this opportunity. Please submit your next application to the 2024-2025 submission cycle.

If you received an earlier grant (prior to 2023) or have not received any grants please continue.

Get Your Reference Letters Early!

Letters need to be digitized so that you can upload them when you submit the application. Reference letters that are emailed to you as an attachment can be saved and uploaded when you submit your application. (2 letters) Below are some suggestions for writing a reference letter.

A reference letter guidelines:

It takes time for people to write their letters, so ask early!

We suggest that you share the following template to as a guide.

A reference letter should identify the person you are recommending, and include information on who you are, your connection with the person you are recommending, why they are qualified, and the specific skills they have.

Whenever possible, it's helpful to provide specific anecdotes and examples that illustrate your support.

*Save your photos as a **jpeg medium size**. They must be under 400mgs.*

File uploads may not work with mobile devices.

Section II (In this section we are looking for information about you and your current farm operation.)

Fill in your answers to best of your ability but remember this is a first draft

Meet with your Cooperative Extension agent to discuss the application proposal

Edit and fine-tune your answers

How many acres are you farming? *

Please count acres that are owned and/or rented. The answer should be in a number format, no words, commas, or symbols.

Tell us a little about yourself and your experience on and off the farm. *

Limit: 200 words

Describe your experience on-farm and off-farm. What skills do you have that will be useful to the successful completion of your project? How long have you been farming? If you are adding a new project please identify the resources that will help you gain the necessary skills to be successful.
